MRS. J. C. C. MAYO MARRIED TO DR. FETTER

HAPPY CULMINATION OF ACQUAINTANCE FORMED LAST WINTER IN FLORIDA.

The following is taken from the Ashland Independent of Saturday, September 23:

Mrs. J. C. C. Mayo, widow of Col. John C. C. Mayo, late of Paintsville, who did so much to develop the Big Sandy region, and whose success in life rivaled the stories of Aladdin, was married at 2:30 o'clock this afternoon to Dr. S. P. Fetter of Portsmouth, O. Dr. Fetter and Mrs. Mayo met last winter while both were at Miami, Fla. The wedding was solemnized at the home of Postmaster and Mrs. C. M. Preston of East Lexington avenue.

Rev. C. A. Slaughter, of the M. E. Church South, performed the ceremony. He was Mrs. Fetter's pastor in Paintsville a few years ago. The wedding was a very quiet affair, and was solemnized in the presence of the Preston family, who are relatives of Mrs. Fetter, Mr. and Mrs. J. W. M. Stewart, Judge and Mrs. John F. Hager, Mr. and Mrs. F. R. Henderson, Miss Anna M. Poage and Miss Anna Mary Kelly, of Ashland, and Mr. and Mrs. Carl Hess of Huntington. The wedding march was played by Rogers Preston on the violin and Mrs. W. J. Bradford on the piano. The bride wore an exquisite gown of delicate autumn tints.

Following the ceremony, Dr. and Mrs. Fetter left for Paintsville, where they will reside.

Previous to the wedding Mrs. Mayo transferred to herself, Dr. Fetter, J. W. M. Stewart, of Ashland, M. E. Conley, of Louisville, and John E. Buckingham of Paintsville, as trustees for her two children, John C. C. and Margaret Mayo, one-half the stock of the Mrs. John C. C. Mayo company, a corporation under the laws of Kentucky, the papers for which were filed yesterday by Mrs. Mayo's attorneys, Hager and Stewart of Ashland. Mrs. Mayo converted to the company all the vast holdings which Col. Mayo left unreservedly to her under his will.

Mrs. Fetter, who is one of the wealthiest women in her own right in the country, is the possessor of rare beauty, personal charm and manners. She is beloved by all who know her, especially by the people of the Big Sandy region, among whom she was reared and in whose welfare she is sincerely interested. She was a devoted and loving wife to Col. Mayo and much of his wonderful success was due to her counsel and help. She is also an ideal mother and is deeply devoted to her children.

Dr. Fetter is one of Portsmouth's most successful and prominent physicians, a young man of fine appearance, sterling worth and strong character.

Before the marriage took place the "Mrs. J. C. C. Mayo Company" was incorporated at \$600,000 and the property of the estate transferred to this corporation. One half of the stock was divided equally between John and Margaret Mayo, ages 16 and 11 respectively to be held in trust for them, with the income, until the age of 25.

The directors of the corporation are Mr. and Mrs. Fetter, J. W. M. Stewart, John E. Buckingham and M. F. Conley. Mr. and Mrs. Fetter are about the same age in the middle thirties. It is not necessary to introduce Mrs. Fetter to our readers, as she is too well and favorably known to need any description or praise at our hands. Her benevolences, her intense interest in local people and affairs, have endeared her to everybody. She is a woman of high ideals, standing for churches, schools and temperance, and making her influence felt in all these lines. She has ability, beauty and character, is modest in her work, and devoted to her family home and friends.

Dr. Fetter is a fine christian gentleman, son of an Episcopal minister from North Carolina. He was one of the leading physicians of Portsmouth and prominent in Ohio medical circle. The highest words of commendation come to Dr. Fetter's character and his professional and personal worth are coming from Portsmouth people.

KENTUCKIANS IN MIMIC BATTLE DECLARED PERFECT.

El Paso, Tex., Sept. 25.—For test purposes, the First Kentucky Infantry on Monday was designated as a portion of a "red" army, which was menacing El Paso. It was ordered to take the position of right flank guard, of the army moving on the city. The third Kentucky Infantry was designated as a portion of a "brown" army, which was ordered to attack the right flank of the invaders. Both sides brought their mounted scouts into play on the mesa, four miles east of camp, and the fun began immediately thereafter.

Scientific scouting preceded a brisk action. As both armies had their machine guns ready for action there was no undue exposure on the part of the fighters. Soldiers in test maneuvers, who exposed themselves to machine gun fire were immediately declared killed. Regular army officers acted as umpires, and after the battle declared that the attack was perfectly conducted, both sides maneuvering well and taking every legitimate advantage.

These tests will be continued all the week.

LAKE COAL WILL PASS OVER THE NEW SCIOTOVILLE BRIDGE

The completion of the double-track bridge over the Ohio river between Siltom, Ky., and Scioto, O., the latter part of December will mean the coal from West Virginia and Kentucky mines to lake port will be hauled by the Chesapeake & Ohio Northern by way of Columbus instead of Cincinnati. At present these shipments which average 600 cars a day arrive in Cincinnati over the C. and O. and depart for Toledo over the C. H. & D.

With the new bridge in use the coal trains will connect with the Hocking Valley near Columbus, and will be hauled over that road, which is owned by the C. & O. to the lake port.

The change will mean an immense saving to the C. & O., as the new route is 96 miles shorter than by way of Cincinnati, and at the same time switch charges at Cincinnati will be saved. The entire run from the mines to the lake port will be made over the C. & O.'s own tracks.

LABAN McHENRY DIES

IN THE FAR WEST

Young Man, Native of Louisa, Falls a Victim to Heart Disease and Other Ills.

Laban McHenry died at Kalama, Washington, September 9, after an illness of more than two years from lung trouble. The immediate cause of his death, however, is said to have been heart disease, from which he had been suffering for ten days. In his last hours he called for his Kentucky relatives many times.

Laban was 26 years old. He was married about three months ago to Miss Jeanie Crealing, of Kalama. In addition to the widow, the surviving relatives at Kalama are a sister and brother-in-law, Mr. and Mrs. R. M. Curran, and his mother, Mrs. Elizabeth McHenry. Eight or nine years ago Laban went to Kalama with his two sisters, Mrs. Curran and Miss Emma, and his mother. The latter died some time afterward. One brother, Flem, still lives at Louisa.

At various times we have heard good reports about Laban. He was an exemplary young man in every respect and had a high standing at Kalama. He became a Mason at an early age and was the youngest Master Mason in State of Washington. He grew up in the Sunday school of the M. E. Church South at Louisa and was a model boy. The relatives and friends are deeply saddened by his untimely death, but the sorrow is softened by the knowledge that his life was correct and there is no doubt about his future.

The following is from a Kalama, Wash. paper:

Laban McHenry was born at Louisa, Lawrence-co., Ky., on August 2, 1890. He lived there until he was 18 years old, when with an older sister he moved to Huntington, W. Va., where he resided two years. Upon her death he came to Kalama, Washington in 1910, with his sister, mother and a sister and her family. He was a Mason and was Worshipful Master of the local order and was the youngest Master Mason in the State of Washington to attain that high position, being but 26 years of age. He was married to Jeanette Creveling June 6, of this year. Their happy home was broken by death on September 9, 1916. Mr. McHenry is survived by his wife, his mother, a brother, Flem McHenry, of Louisa, Ky., and a sister, Mrs. R. M. Curran, of Kalama. The funeral services were conducted by Rev. Frank McConaughy at the Congregational church. He was buried with the Masonic ritual at the Odd Fellows cemetery. A large body of Masons from surrounding towns was in attendance.

GOOD APPOINTMENT FOR A LOUISA MAN

F. A. JOHNSON BECOMES ASSISTANT SUPERINTENDENT OF REFORM SCHOOL.

The Prison Commission has appointed Frank A. Johnson Assistant Superintendent of the Kentucky Reform School at Greendale, near Lexington. He is the youngest son of Mrs. George F. Johnson, of Louisa. For about two years he had served as bookkeeper and receiver for that institution, filling the difficult position most acceptably. He therefore goes to the higher place with a thorough knowledge of every detail of the school, and it is safe to predict that he will prove an efficient official. His inherent honesty is a guarantee that no graft or useless expenditure will be permitted by his authority.

Mr. Johnson succeeds Mrs. Anne M. Skidmore, formerly of Paintsville, who served the State exceedingly well for nearly four years. She made an enviable record.

It became known Saturday afternoon that the State Board of Prison Commissioners, at its recent meeting held in Frankfort, decided on a number of changes in the personnel of the employees at the Reform School at Greendale to become effective October first.

After that time Former Mayor Charles P. Weaver, of Louisville, will become officially connected with the institution in the capacity of receiver, succeeding F. A. Johnson, of Louisa.

Mr. Johnson becomes assistant superintendent, succeeding Mrs. Annie M. Skidmore of Paintsville, who has been connected with the institution for the last two and a half years, and who, in the "shake up," loses her position. Mrs. Skidmore, it is understood, was offered a minor position, but declined it and will leave the school. Her plans for the future have not been announced, but it is understood that she will go to Paintsville for a visit to Mrs. S. P. Fetter, formerly Mrs. John C. C. Mayo, before making any future engagement.

THE CALLAHAN SCHOOL WILL NOT OPEN.

On account of a suit brought by heirs of Robert Callahan the school at Louisa bearing his name will not be open this year, and perhaps not at any time in the future. Prof. J. B. McClure, who was at the head of the school, is teaching at Chattahoochee, W. Va.

The will of Rev. Callahan provided for the establishment of a school between Louisa and Catlettsburg, and two years ago the location was decided upon by the authorities of the M. E. Church, in whose hands the matter rested. The James Q. Lackey place just below Louisa was purchased and the school was at once established. The attendance last year came up to expectations and prospects for this year are said to have been good. The authorities were unwilling to go ahead after the suit was filed.

WEST VIRGINIA SOLDIER KILLED NEAR KENOVA.

Wayne County authorities are investigating the circumstances surrounding the death of Private Joseph Slater, Second West Virginia Infantry, whose body was found on a railroad trestle at Kenova last Sunday morning. Slater, who resided at Williamson, had been summoned as a witness in the Mingo county election, fraud cases now on trial in the federal court in Huntington. His friends declare he was first attacked and his body they placed on the track.

JURY AWARDS \$10 A MONTH FOR 14 YEARS

The Lawrence county court was occupied for several days with a suit of Jeannette Runyons, of this place, against A. S. Hatfield, a deputy sheriff of Pike county. He was charged with being the father of her child, born last February, and the suit was for maintenance. The jury rendered a verdict requiring Hatfield to pay ten dollars per month for fourteen years.

Miss Runyons moved to this place from Pike county two years ago.

ARBOR DAY NOVEMBER 10.

November 10 has been designated as Arbor Day in Kentucky. Gov. Stanley will issue a proclamation calling for its general observance and, following the proclamation, State Supt. V. O. Gilbert will send out programmes for its observance by the schools.

SUNDAY SCHOOL WORKERS.

Carlisle, Ky., Sept. 26.—The Rev. W. J. Vaughan, one of the best known Sunday school workers in the State, was one of the leading speakers at a convention of Sunday school workers of all churches here to-night in the Carlisle Baptist church.

ONLY FEW MORE FILING DAYS.

Only a few days remain for candidates to file their certificates of nomination with Secretary of State James P. Lewis. They must be filed thirty days before the election.

Among those who have filed are L. T. Neat, Republican, Eighth district; W. J. Fields, Democrat, and A. J. Pennington, Republican, Ninth district; J. M. Robertson, Democrat, and F. D. Sampson, Republican, Seventh Appellate district.

MAN KILLED BY A FALLING TREE

JOHN MAXIE, OF UPPER BLAINE, THE VICTIM OF AN ACCIDENT.

John Maxie, of Mazie, this county, was instantly killed Tuesday by a tree striking him on the head. He cut the tree down and in falling it landed on a smaller tree and was deflected from its course sufficiently to catch Maxie. His brother witnessed the sad accident.

Mr. Maxie was about 45 years old. He leaves a wife and two children, one grown and the other a small boy. He was a well-to-do citizen, owning a considerable amount of land, and was highly respected.

ELECTION CASE TO BE HEARD NEXT FRIDAY.

The election contest suit of Kirk vs. Sampson, passed upon Saturday at Barboursville by Judge Slack, who rendered a verdict in favor of Judge Sampson, is expected to be heard Friday by the Court of Appeals to whom Judge Kirk has appealed.

Should the court hold in Judge Sampson's favor he will be granted a certificate of nomination and his name will be on the ballot this fall. Should the court hold that Judge Sampson did not comply with the law when he did not file his expense account with the secretary of the State within fifteen days of the primaries, then the court will have to decide if Judge Kirk's failure to file a detailed and itemized account precludes his being declared a nominee. Should the court hold that it does not, then the case may go back to the lower court for a hearing of the charges made by Judge Sampson that unlawful means were used to nominate Judge Kirk.

C. & O. EXTENSION IN WEST VIRGINIA.

The 13 mile extension of the Chesapeake & Ohio Valley branch from Man to Gilbert will be completed in ten months, is the announcement made by the contractors who are now located at Man and directing the preliminary work of grading.

It is also reported that the Virginian and Norfolk & Western roads are getting busy in connection with the proposed extensions to Gilbert, the former coming from Muleshoe, a distance of 42 miles, and the latter from Wharmcliffe, 10 miles. The Virginian route will be along Indian creek, while the N. & W. will come down Pinnacle creek.

The C. & O. has in view a further extension of several miles up Gilbert creek and tap the great undeveloped coal and timber territory in that region.—Logan Democrat.

ACCEPTED CALL TO CALVARY CHURCH.

The Reverend G. H. Harrison, rector of St. Paul's Episcopal church, Gastonia, S. C., has accepted a call to Calvary church, Ashland, and with his family will be there about November to reside.

The Reverend Mr. Harrison is forty-five years of age, and his family consists of Mrs. Harrison and three bright and interesting boys. He comes highly recommended as a man and pastor. The new pastor was in Ashland two weeks ago.

HELD TO THE GRAND JURY.

Grover Layne, of Ashland, was arrested here last week on charge of entering the gas company office at Louisa and taking about \$18 belonging to Ed Kirk. After being in jail a while he gave bond to answer to the grand jury. Dick Nance, who gave the evidence on which the warrant was based, left town before time for the examining trial, and a fine of \$50 has been assessed against him on a charge of selling liquor.

REXROAT-CONLEY.

The following is from the Louisville Post of September 22, and refers to Dr. Conley, who was recently graduated from the Medical department of the University of Louisville, and expects to locate in Junction City, near Paintsville, and Van Lear:

Dr. Everett V. Conley, of Paintsville, and Miss Grace LaVerne Rexroat, 1040 South Twenty-sixth-st., were married at the Hotel Henry Watterson Thursday afternoon by the Rev. Aquilla Webb. They left this morning for Paintsville, where they will make their home in future. In the wedding party were Messrs. D. K. Bentley, B. F. Wright and Proctor Sparks, of the Paintsville section.

REV. FOGLESONG BEGINS WORK.

Rev. W. H. Foglesong held his first services last Sunday in the courthouse, the temporary home of the congregation of the M. E. Church South. Large audiences heard him both morning and evening and were very favorably impressed. He and his good wife are receiving the prospects for a profitable year are bright. They hope to be at home in the parsonage very soon.

PREACHER TRANSFERS.

Rev. Firestone, who was assigned to the Louisa charge of the M. E. Church, did not accept the appointment, but transferred to the Missouri Conference. The pulpit has not yet been supplied.

KENTUCKY GIRL HELD ON CHARGE OF FRAUD.

Portsmouth, Sept. 19.—Miss Cora Melvin, the pretty young woman who "fleece" various Portsmouth merchants, pleaded guilty in police court Saturday to fraudulently obtaining a \$27.50 suit of Oscar Brunner and was bound over to the grand jury in the sum of \$200.

It developed from the girl's story that when she was first located in Portsmouth last winter she worked at the Selby shoe factory and roomed at the Y. M. C. A. building. Since her recent return she worked a few days at the Mitchell company's plant. She offered no explanation for her acts. Asked who the young man was she had been keeping company with the past few days, she said it was Harvey Litteral. It had also been learned that she succeeded in securing a pair of shoes and other goods on approval and failed to return them.

Attorney Clint Searl had an interview with Miss Melvin after the hearing, he saying relatives had employed him to defend her. She still maintained that she was but sixteen years old, but this is doubted.

Much pity is felt for the prisoner. It is said she comes of a respectable family, but that several of its members are afflicted with epilepsy and that she has shown traces of the disease. The penalty for her offense is a one-year sentence in the penitentiary.

The fair prisoner has given the name of Miss Cora Melvin and her home as Paintsville, Ky., and has also been sailing under various aliases, such as Cora Lemasters, Ora Masters, Mrs. Bruce Adams, Nora Vaughan and Sallie Auxier.

Officers took the young woman to where she had roomed the past few days, and there found the Brunner suit, also a \$10.95 skirt she had secured from the Fashion store and hat she had gotten. Her suit case she had reported "lost" was also found. It was tightly packed with wearing apparel of all varieties.—Ashland Independent.

REVIVAL SERVICES TO START NEXT WEEK.

A series of meetings will begin next Sunday, October 1, at the Christian church in this city. Rev. C. M. Summers, a former pastor and who has been located at Stone, Ky., since leaving Louisa a few years ago, will conduct the meeting. He is a good preacher and quite popular here.

RURAL SCHOOL SUPT.

J. V. Chapman, former superintendent of schools of Simpson-co., has been selected as Rural School Superintendent to succeed T. J. Coats, who resigned to become President of the Eastern Kentucky Normal School at Richmond.

KENTUCKIANS TO ENGAGE IN WARTIME MANEUVERS

One-Half Of Brigade On Border Will Attack Other Half In Theory.

El Paso, Tex., Sept. 24.—Civil war is scheduled to break out in the Kentucky Brigade at El Paso on Monday morning. Being Kentuckians, the soldiers of that brigade are eagerly looking forward to the fray. Enviously, they have been watching the Pennsylvanians fighting among themselves, and the members of the three Kentucky regiments, which are encamped northeast of Fort Bliss, are anxious to be pitted against each other. In other words, Monday will be the first day of a week of tests in the Kentucky camp. This means that they will maneuver under the observance of regular army officers. One-half of the brigade will attack the other half under war conditions. Possibly the boys will discharge some blank ammunition at each other to make the tests more realistic. The Pennsylvanians have burned up several million rounds and, theoretically, several regiments of Pennsylvania soldiers have been annihilated. Theoretically, thousands of the Keystone men were killed and buried last week, but the beauty of this kind of warfare is that there is no one absent when mess call is sounded.

WORK TO START AT ONCE.

Evan H. Morgan, of Ironton, has the contract for doing the brick work on the new M. E. Church South building and expects to begin this week. Mr. Morgan is from Ironton and is recommended as a highly competent and thoroughly reliable man.

The stone cutting is under way by the contractor, J. S. Scott, of Greenup. All material is now on the ground and the work should go along rapidly.

BUYING TIMBER.

Hazard, Ky., Sept. 26.—The Buckhorn Stave company, an Ohio corporation, is buying large quantities of standing timber in Leslie county. Several big tracts of timber were bought last week. One of the largest tracts of land on the whole length of the Middle Fork river which still has the virgin white oak timber standing was purchased by this company last week from Mrs. Polly Asher, near the head of the Middle Fork river. Several other tracts in the immediate vicinity have been acquired recently, and the company proposes to install several large mills for the purpose of manufacturing staves on the Middle Fork. The finished product will be carried down the river to some convenient railroad point for shipment.

GIRL ATTEMPTS TO TAKE HER LIFE

GUNSHOT WOUND WILL PROBABLY PROVE FATAL TO FORT GAY YOUNG LADY.

Mary Rowe, age 16, shot herself at Fort Gay, W. Va., Tuesday evening and is in a very dangerous condition. She used a .22 caliber target rifle and the ball passed entirely through her body, near the heart. She had gone a short distance from the home to bring in an arm-load of wood. The family heard the report of the rifle and upon investigation found the girl lying on the ground with the wound in her breast and the gun by her side. She was conscious and has remained so ever since, but very little hope is held out for her recovery.

The cause of the attempted suicide is said to have been a slight quarrel with her lover, Moody Bishop, age about 24. He was in the Rowe home at the time the girl shot herself, and the dispute had taken place only a few minutes before. Each had accused the other of receiving letters from others, it is said.

The girl is a daughter of Giles Rowe, who lives near Fort Gay.

W. D. PIERCE WILL OPEN STORE IN FLORIDA.

The Clearwater Evening Sun says: E. H. Coachman will soon commence the erection of a modern brick store room, 70x87½ feet. Work will commence as soon as the plans are approved and it will be pushed to early completion.

Mr. Coachman has leased his new building to Mr. W. D. Pierce, formerly of Louisa, Kentucky. He is a merchant of many years experience, thoroughly versed in the needs of the public. He is well known in Clearwater, having spent parts of several winters here and a part of the present summer. He likes Clearwater—especially the summer climate—and is anxious to locate here.

As soon as the building is completed Mr. Pierce will open up a modern store, carrying a line of dry goods, men's and ladies' furnishings, etc. Mr. Pierce's family, consisting of a wife and daughter, will come to Clearwater within a few days. They will make their home in the Williamson apartments.

TWENTY-SIX MILLION PAIR OF SHOES.

Orders for 26,000,000 pairs of shoes for the British, Serbian, French, Russian, Italian and Belgian armies have been received by British manufacturers since the outbreak of the war.

One-fourth of the total, or more than 7,000,000 pairs a week, have been alone supplied by the workmen of Northampton, the chief seat of the English shoe manufacture. The manufacturers are turning out a second installment of 3,000,000 pairs of footwear for the Russians, this time boots known as the Cossacks.

JUDGE FOGG GOING TO ARIZONA FOR HEALTH.

Judge Finley E. Fogg, of Paintsville, will leave in a few days with his wife for Arizona in search of health, which all his many friends sincerely hope he may find. He is a bright and genial gentleman, a fine lawyer, and a useful citizen generally.

NEW DEPOT FOR FT. GAY.

The Public Service Commission of West Virginia has directed the N. & W. railroad to provide a better passenger station for our sister town of Fort Gay. The application made by Lewis Borders and L. T. McClure to have the depot moved to a site near the bridge was rejected.

The order as to the station is as follows: Construct two separate rooms for passengers, one for male and one for female, each 15x26 feet in size, at least, supply each of said rooms with a toilet, enlarge the present freight room sufficiently to accommodate the freight traffic in a convenient manner, and construct an express room; provide a 25 foot driveway and a 4 foot concrete walkway, protected by a railing, adjacent to and between its side track and the Big Sandy river, extending from Bridge-st. the entire length of said fill, and that said company do immediately cease occupying the streets of Fort Gay with its freight trains, in such manner as to unnecessarily hinder or delay travel on the streets of said town.

NO WITNESSES

To Murder Done Fortyfour Years Ago And Aged Prisoner Released.

Charleston, W. Va., Sept. 19.—Gov. H. D. Hatfield has refused to honor a requisition for the return of Andrew Wise, 72 years old, who is wanted in Buncombe-co., North Carolina, for the alleged murder of J. C. Rogers, forty-four years ago. The executive at once sent a telegram to the Sheriff of Minnesota, West Virginia, at Williamson, where Wise was placed in jail following his arrest on a warrant issued at the instance of the grand jury of the dead man, ordering the prisoner to be released. Gov. Hatfield, it is said, learned that there are no witnesses to the murder living and for that reason refused to order the aged man returned.

The national guard

For defense against invasion, our real national guard is the millions of stalwart, young Americans in all walks of life, who must respond to their country's call for training and service in the ranks of our army and navy. For defense against invasion of the elements **CERTAIN-TEED Roofing** is the real "national guard".

Certain-teed Roofing

protects our buildings from the violence of storms; successfully resists the attacks of rain, hail, sleet and snow; is unaffected by the sharp assaults of frost, and the withering fire of mid-summer sun. It even withstands the ravages of time, for CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it will out-last the period of guarantee.

The long life of CERTAIN-TEED is due to the fact that it does not dry out, as ordinary roofing does. This is because it is made of the best quality roofing felt, thoroughly saturated with a blend of soft asphalt—the formula of the General's Board of Expert Chemists. This soft saturation is then covered with a coating of a harder blend of asphalt, which prevents the drying-out process, and keeps CERTAIN-TEED impervious to the elements for years after the harder, drier kinds of roofing have dried out and gone.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED Roofing for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

War News Of The Week.

FRIDAY, SEPT. 22.

The German, Bulgarian and Turkish troops under Field Marshal von Mackensen have been defeated in the Rumanian province of Dobruja, according to an official statement from Bucharest. It is said that the invaders have retired to the south and are burning villages in their retreat.

A revolutionary Provisional Government has been set up on the island of

Crete, according to unofficial advice, which add that a committee of revolutionaries is to be sent to Saloniki. Former Premier Venizelos, while declining to say whether he purposes going to Saloniki to head the movement, reverted to his recent statement that "if the King will not hear the voice of the people we ourselves must devise what is best to do."

of the announcement from Bucharest that the Teutons were falling back. Berlin declares that Field Marshal von Mackensen has, by an encircling movement, broken the resistance of the Rumanians and Russians and compelled them to retreat.

North of the Somme, in the outskirts of Comble, the French force captured a strongly defended house from the Germans and took 100 prisoners, according to the Paris official communication. The Germans taken prisoner on the Somme front by the French and British from July 1 to September 18, number more than 55,800, of whom 34,000 were taken by the French.

An Entente transport and a French submarine have fallen victims to a German submarine and an Austro-Hungarian aeroplane, respectively. The twenty-nine members of the crew of the submarine were rescued and made prisoners.

Berlin and Vienna admit a reverse in the Carpathians in the Russian capture of the summit of Smotrec Heights, which previously had changed hands many times.

SUNDAY.

An Athens dispatch reports that definite proposals have been made to the Entente, acceptance of which will induce the entry of Greece into the war. Former Premier Venizelos, strong partisan of the Entente, is quoted as declaring that if the Government controlled by the court party does not act the nation itself must defend its own interests.

The British advancing on a front of a half mile east of Courcellette have made further gains from the Germans in the direction of Sars, on the Poireres-Baupaume road.

The battle in Dobruja has broken out anew. The Russians and Rumanians, according to Berlin, took the offensive, but failed to make headway. An unconfirmed report from Rome, however, says that Gen. Mackensen is in full retreat and that his forces have abandoned Silistria, taken recently from the Rumanians.

Two Rumanian divisions attacking Hermanstadt have been repulsed, the Berlin report declares.

Airship raided the east and south-east coasts of England last night. A Zeppelin was brought down in flames on the outskirts of London, according to official announcement, while another was reported brought down on the coast of Essex. "The raid is still proceeding," says the statement. Aerial battles were numerous in the Somme country, the British raiding German aerodromes and ammunition trains, while the French brought down a number of enemy craft.

K. Y. Rockwell, distinguished American aviator with the French corps, was killed in a battle with German airships.

MONDAY.

Two Zeppelins met their fate at the hands of the British anti-aircraft guns on the eastern coast of England in Essex after a fleet of twelve or fifteen airships had visited London and other points Saturday night, dropping bombs. One of the machines, with its entire crew, was burned in mid-air. The other was brought down damaged and its crew taken prisoner. In the metropolitan district of London twenty-eight men, women and children were killed and ninety-nine wounded. Outside of London two persons met death and eleven were injured. Considerable material damage was done by bombs in London and the outlying districts.

Aerial activity along the Somme front is reported as having been particularly violent by both sides. Berlin says twenty-four allied aeroplanes have destroyed or brought down eighteen German flyers. The statements of their own losses are contradictory.

A Russian attack on the Dniester turned into a general engagement, and Petrograd claims the capture of 1,500 German and Austrian prisoners. Several Carpathian positions have been retaken by the Teutonic Allies.

Advances are claimed by the English, Serbs and French in Macedonia. The British report the capture of Jeumita.

TUESDAY.

British troops have captured the villages of Morval and Les Boeufts, together with several lines of trenches on a six-mile front between Comble and Martinpuich. This front was pen-

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

strated to a depth of more than a mile. Many prisoners were taken and heavy losses were inflicted on the Germans.

In a violent attack launched against German positions extending from Comble to the Somme the French troops made noteworthy gains. The town of Rancourt was captured and German positions were taken in the region of Freigourt.

Entente Allies continue to report successes in Macedonia. The Russians have made new advance against the Bulgars and the Serbians have crossed the frontier into their own country north of Klusogrod, while the French have penetrated Petokak.

CATLETTSBURG.

In Loving Remembrance.
On Sunday evening, Sept. 3, the death angel visited the home of Mr. and Mrs. Ustie Carvell and took from them their darling baby, Wilkie. She was only 11 months old, but was a bright, sweet and loving baby and will be sadly missed in the home. Everything was done for her that loving hands and kind hearts could do, but it was God's will that she should go on the voyage across the deep waters of death into the bright harbor of celestial light of love. The eyes that sparkled with light and love are closed forever here on earth and the little smiles are seen no more here, but little Wilkie is smiling more brightly in paradise. Mother, father and brothers weep not for her, but prepare to meet her in the glory world.
A FRIEND.

BLUE EYES.

WAYNE, WEST VA.

The Wayne High School which was organized by a number of citizens of the county opened its doors Monday with twenty pupils enrolled.

This is a step which shows that the citizens of Wayne county are determined not to allow the education of their children to ebb at a low tide.

T. B. McClure is principal of the school. Prof. McClure has been a teacher of high school subjects for many years and will prove himself worthy of the trust given to him at this time.

The following pupils are enrolled: Mary Lou Ross, Willie K. Smith, Mildred Taylor, Nila Ketchum, Florence Crum, Gemma Riffe, Wanita McVey, Opal Ward, Pearl Allen, Millie Sanson, Everett Walker, Millie Adkins, Everett Romans, Milton Ferguson, Frank Harrison, Robert McVey, Hubert Saunders, Heber Riffe, Lucile Ferguson and Brainard Hines.

The County Court awarded contracts for five new bridges Saturday.

The Champion Bridge Company and Luten Bridge Company were the successful bidders.

The bridges will be located, one at Genoa, one at P. D. Pymale's near Buffalo, one at Walter Staley's place on Whites creek, one near the Warren Robinson farm on Mill creek, and one near the County farm.

The Pymale and Staley bridges will be of concrete and the others will be of iron. The floors of the new bridges will be made of concrete. Wayne county already has a very good bridge system and this action of the court is a step forward to the completion of the system.

P. Frazier, Assessor, has moved into his new residence in Kenova. Mr. Frazier moved to the river town that he might take advantage of the educational opportunities for his children. However, Pearley will still continue to

perform his office duties at Wayne.

Miss Josie Malcolm, County Demonstration Agent was in town Thursday enroute to Centerville, where she will assist club members in the canning business.

Miss Malcolm, who is in the employ of the Federal Government is doing a good work among the girls club members. Miss Malcolm has assisted in canning some one thousand gallons of tomatoes.

IN LOVING REMEMBRANCE.

On Saturday, Aug. 19, the death angel visited the home of W. M. Holbrook and family and took from us our darling wife and mother. All was done that cherished hands could do, but when the black winged messenger flapped his pinions across the tired, care-worn form of dear mother and ended a life full of good deeds, her soul arose in triumph over death, hell and the grave and wended its way to the paradise of God. She had been in failing health for some years, but had been confined to her bed only a few months. She suffered greatly for many days before death relieved her, but bore her afflictions with christian fortitude. The eyes that sparkled with love and light are closed forever here on earth and her smiles are seen no more here, but she is smiling more brightly in the paradise of God. She was 56 years, 6 months and 12 days old. She was a member of the Christian church. Her walks have proved what she was. She was the mother of sixteen children, four dying in infancy. She was kind and gentle in all her dealings with her fellow-being. She enjoyed feeding the hungry. She was a faithful companion, a loving mother and a true christian in every respect. The funeral took place the following day, conducted by Revs. Harvey, Berry and Hicks, after which the body was taken to the family graveyard, there to await the coming of our Lord and Saviour Jesus Christ.

Every Sunday School in Kentucky is entitled to send delegates, and some schools will send a number, and in that way will bring back to the school the most helpful, up-to-date plans and ways for improving the Sunday School. All pastors, superintendents and teachers who can possibly do so ought to attend this convention. Write to the Kentucky Sunday School Association, 712 Louisville Trust Building, Louisville, for further information, if desired.

The last year has been one of remarkable growth in the Sunday-schools of Kentucky. The reports of the President, Mr. Huston, Quinn; the General Secretary, Rev. Geo. A. Joynt; the Field Workers, Rev. T. C. Gebauer and Mr. W. J. Vaughan; the Treasurer, Miss Frances L. Griggs, together with those of the Departmental Superintendents of the Kentucky Sunday-school Association, which will be made to the State Convention in Somerset, will show that the year has been one that has surpassed all former years. The success attained, however, is only a challenge to the greater things in the future.

IT'S A BIG JOB.

No president since Lincoln has had to handle such complex problems as President Wilson has been confronted with. He has kept you out of war. He stopped the railroad strike. Financial, agricultural and labor legislation of his administration stand as a great monument to work well done. Do you want to make a change?

LET HIM FINISH IT.

Who wants to swap off the present unparalleled prosperity? Nobody but the Republican pie hunters.

John M. Parker, recently nominated for vice president on the Progressive ticket, has come out for Wilson and will make speeches for him.

What has become of that old campaign cry about "confidence" as applied to business and politics? The great Federal Reserve money system killed this bugaboo and the panic germ and paralyzed the calamity howler at the same fell swoop.

We ordered a certain grade of job printing ink recently and received a letter from the manufacturer stating that the price had increased one thousand per cent on account of the European war, which made it very difficult to procure the coloring matter for this purple copying ink. Yet, they tell us the war is making the enormous prosperity that the United States is enjoying. Some grades of paper are three times as high as before the war, because the raw products are not being shipped in.

The truth is that, this country is prosperous in spite of the war.

Only munitions plants and a few lines demanded for the soldiers of Europe are prospering because of the war. Look at the great lumber industry. It was paralyzed for awhile by the war, on account of exports being shut off. The foreign markets are still shut off, but the prosperity is so great inside the United States that the lumber business is booming.

The great new money system put into effect by President Wilson's administration, preventing panics and guaranteeing a steady supply of money for carrying on business enterprises, is more than anything else responsible for the present prosperity.

That Wilson's clear-headedness, courage and progressive tendencies would attract the independent minds of the country to his standard has been confidently expected. Now as the issues between the two presidential candidates, the men and the things they stand for, are being discussed and made clear the lining up begins. Besides the large number of progressive and independent leaders already in the Wilson ranks, in the last two weeks the following significant things have come to pass:

Thomas A. Edison comes out in a strong interview approving Wilson's courage, wisdom and course of action and announces his support of him.

Roger Babson, Boston's famous statistician and financial expert, a life-long Republican, comes over to Wilson. He is won to Wilson by Wilson's high conceptions and course in dealing with great national and international problems.

Luther Burbank, the world's most distinguished scientist in plant life and development, publicly announces adherence to Wilson, as "The greatest President America has ever had."

Miss Ida M. Tarbell, one of the foremost leaders of thought in America, whose history of the Standard Oil company was nothing less than epochal in its effect, announces her active support of Wilson. She said: "He is the first real progressive leader this decade has produced."

Miss Ella Flagg Young, Superintendent of Chicago's schools for years, announces her support of Wilson and is actively at work for his re-election.

Mrs. Antoinette Funk, of Illinois, one of the most distinguished suffragettes in the nation, and a leading Progressive, and because Wilson's record on the suffrage question is better than Hughes'.

The Springfield (Mass.) Republican, by many believed to be the most influential paper in the United States, a paper that during its existence of nearly a century has held an unwavering course of conscientious devotion to the right as it saw the right, arrays itself in the Wilson ranks.

The rejection by the National American Woman Suffrage Convention at Atlantic City of Mrs. Raymond Robins' resolution in favor of Hughes, Dr. Anna Howard Shaw, the venerable pioneer leader, helping in its defeat.

Over two thousand of the working women of Chicago have formed the "Wilson Working Women's League," to work for the re-election of Wilson, because "He places human values above property values, the common people on a par with 'Big Business.'"

APATHY IN REPUBLICAN RANKS.

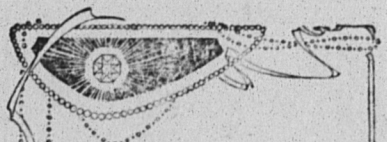

Paintsville, Ky., Sept. 26, 1916.

Your scribe was in the courthouse today and heard Hon. J. C. Speight speak to the dear people in Johnson county. The great rock ribbed Republican host of this county as it is called. His coming was heralded all over the country by posters tacked up on stores, trees and everywhere and as the time approached the leaders began to hunt the boys up and corral them in the courthouse, and they seemed to think they had done well and by actual count they had 59 men and boys, white and one colored man to hear this great exponent of the people's rights. He made the same speech that they have been making for over twenty years. If there was a single cheer greeted Mr. Speight I failed to hear it.

The truth is the people are for Wilson, the greatest American of the ages, and they say we can't afford to swap horses crossing a turbid stream.

ACT QUICKLY.

DELAY HAS BEEN DANGEROUS
IN LOUISA.

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective. Plenty of Louisa evidence of their worth.

William G. Shannon, Louisa, says: "For years I had been a sufferer from pains through my back and I had trouble in straightening after stooping. I was restless and when I got up in the morning, I was tired. The kidney action was irregular. Doan's Kidney Pills gave me relief. The action of my kidneys became regular and the pains and aches left."

OVER TWO YEARS LATER, Mr. Shannon said: "I am glad to confirm what I said about Doan's Kidney Pills when I endorsed them before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Shannon has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

W. L. FERGUSON

LOUISA, KENTUCKY

Mrs. Arthur Lowe died Tuesday at her home near Osie after a short illness of tuberculosis. Her twin children died recently one at the age of about four weeks and the other a few weeks later. She was about 30 years old.

A KENTUCKIAN WHO THINKS VIRGINIA IS ALL RIGHT.

The following letter was received by a friend of R. A. E. Leslie, who bought a farm in Virginia about a year ago: Burkeville, Va.—I am glad I came. I spent ten years looking over west and south to find a place where a poor man could pay for a good farm. That place is Notaway-co., Va. This was owned by rich slave owners. When the negroes were freed and went to the cities the whites were helpless and sought softer jobs than farming. We need people. This is the finest climate I have ever seen. Ten degrees warmer in winter and ten degrees cooler in summer. I have two thermometers and as they agree, it must be true. I compare with Cincinnati whence comes my daily paper. Rain abundant and regular. Good corn, wheat, oats and every grass that grows in Kentucky. The greatest place I have ever seen for all stock raising. I never had such fruit and gardens. Timber abundant. We burn wood. You can buy five times as much level land for your money, as you can get in Ky. Schools are good and churches convenient. The most sociable people I have ever seen. The young and old enjoy themselves. I have never seen a drunk man since I came to Virginia last December.

People take time for pleasure because they do not have to grub so incessantly for a living. Any man can buy a farm. With a small payment, he can get all the time he wants. Roads are fine and growing better right along. Rural delivery everywhere.

I have no land to sell, but if any one is tired of the mountains, and wishes to use my long search for a home, to aid him to better things, use me. When he gets to Burkeville, Va., call up Hunter Osborne and he will bring a car load to my house in 50 minutes.

I called it "Lame Duck Place" because I am that kind of a duck and this farm would bring \$2500 in Kentucky. R. A. E. LESLIE.

OUR WEEKLY POME.

I long to hear the school bell ring and gather up my books, and daily trudge over wooded hills and cross the babbling brooks on wobbly logs or slippery stones as in the days of yore, when mother pulled my stockings on and smoothed my pinafore. I long to take the teacher dear an apple red and juicy; and sometimes, too, a big sweet-cake baked for me by "Aunt Lucy." I long to win her pretty smile and hear her cry, "Oh, my!" when her pearly teeth assault the fruit and juice squirts in her eye. I long to cipher on a slate and take two feet from four, and earn the teacher's frown of hate when I scrape 'em on the floor. I long to add naught unto naught by process painful and slow, and spit on the slate and wipe it out with a swipe of my good elbow. Alas! they say by school butters slates cannot now be had, but all must cipher, write, and so forth, on a paper pad. That seems a measly thing to do. Where has all manhood gone to? Give boys a slate, say I, and let the girls pad if they want to. Oh, how I long for the good old days when the world was not askew; when teachers thumped you on the head or paddled your frail canoe. For now a boy's on his p's and q's through all the bloom'n' term through fear his precious life he'll lose by eatin' poisonous germs!—Cynthiana Democrat.

MARRIED IN IRONTON.

Fred Sparks, 25, of Christmas, Ky., and Anna Wright, 18, of Lawrence county, Ky., were married in Ironton Tuesday.

Only the tortures of the medical rack are comparable to the agonies which many women

suffer through the peculiar weaknesses and diseases of their delicate, feminine structure. They have found in Dr. Pierce's Pleasant Pellets the one unfailing remedy which heals feminine weakness at their very source. This marvelous "Prescription" restores absolute health to the internal organism; stops ulcerated conditions, gives elastic strength to the supporting ligaments, vitality to the nerve centers, and complete womanly vigor to the entire constitution. It is the perfect fortifier and regulator at every critical period from the time when they merge into womanhood until the "change of life." It is the one medicine which makes motherhood safe and almost free from pain.

KENTUCKY TESTIMONY.

Louisville, Ky.—"I have been so well satisfied with Dr. Pierce's Pleasant Pellets that I am more than glad to recommend them. They have been a family 'stand-by' for fifteen years. My husband cures severe headaches with them. I have used them myself for the purpose advertised and they are wholly reliable, pleasant and efficient. I have given them to all my four children and the results have been for their benefit in every way."—Mrs. JOE RAYMOND, 311 N. 18th St.

THE HOME CIRCLE AND ITS INTERESTS.

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

Good Counsel.

Dr. Talmage said that the man who never made a blunder has not yet been born. If he had been, he would have died right away. The first blunder of the universe was born in Paradise, and it has had a large family of children.

Some people think the more religion a man has the longer his face will be; but the idea of making a man's face the counter on which to measure his religion by the yard. Why, the longest-faced man I ever knew borrowed \$25 of me and out of pure delicacy of feeling never afterward referred to the subject.

Don't be stilted. Most of us have got to go through this world afoot, and if anybody will walk beside me and give me a lift, I shall be everlastingly obligated to him.

As a rule, a man can do only one thing at a time and do it well. Some men are specially prepared for their work by natural advantages, as was Hugh Miller, and the same by sheer trouble, reaching their rightful places only after having graduated at the university of hard knocks. It doesn't make much difference what you do, if you only do it. Any man by diligent effort, ought to reach success in any occupation by the time he is thirty or thirty-five. But he must stick to one thing. Center your efforts on one thing. Don't be afraid to be called a man of one idea. Better have one big idea than a score of little ones. A man whose whole energy, body, mind and soul is concentrated in one direction is a tremendous man. Look out for him.

There is a vast difference between a house and a home. The house is but the building and furniture, the outward shelter and gathering place of a household. The home includes the kindly family affection, the thoughtful care and ready sympathy and mutual confidence and trust of the members. A true home breathes the atmosphere of love. A child should be made to feel that his home is indeed a home, the happiest place in the world to him not merely an outward shelter and resting place, but a center of enjoyment by love, the thought and remembrance of which shall be the safeguard of his life as he goes forth to the world, giving strength and proportion to his character, and turning his thought to all that may prepare for the heavenly home when the scenes of earth shall have passed away.

"He who would, free from malice, pass his days, must live obscure and never merit praise." So breathed one who had passed through many life battles. He had been a close observer. Malice never communes with the good. "Malice toward none and charity for all" has been the thought of great souls ever since creation's dawn. All along the pathway of life where that thought has been the most dwelt upon there have always budded and bloomed the sweetest flowers. Where that principle has been practiced the most, and applied the most, round about have fluttered in the air the prettiest birds and with the sweetest tunes. Where that virtue has the most deeply penetrated human souls, there can be found the purest and highest civilization, the loveliest temples and the most beautiful cottages with the most fruitful vines of love twining about.

The effort at "pleasing mother" should be cultivated in the childish heart. Early in life they should begin the cultivation of thought and effort with reference to the gratification of her wishes and of making her happy. If they would do this they would find daily opportunities for speaking kind words and rendering such helpful services and showing such noble traits of character in dealing with others, as would gladden the heart and lighten the cares of mother in a way too often little thought of. If boys, if girls, could but realize their indebtedness to their mothers, they certainly would generally be very much more anxious about pleasing them.

There is no use standing idly, crying about what you would do if you had capital. Providence endowed you with capital if you will only use it. Brains and muscle working together in harmony always win. It is what a man was endowed with them for. If such valuable capital is left to rest and rot the possessor will live in poverty and obscurity as he ought to. Cease whining and go to work. Keep away from saloons and gambling houses. Throw aside that cigar and remove that horrible quid from your mouth. Abandon all useless expenses and no matter how small your income, save a certain per cent. of it each year, and soon you will have credit, capital and wealth. The road is plain, easy and certain. Providence has given you capital—don't bury it—go forth and "a thousand a year" shall be thine.

There is evil enough in man, God knows; but it is not the mission of every young man and woman to detail and report it all. Keep the atmosphere as pure as possible, and fragrant with gentleness and charity.

Earn your own bread and see how sweet it will be. Work and see how well you will be. Work and see how cheerful you will be. Work and see how independent you will be. Work and see how happy your family will be. Work and see how religious you will be.

LUKE M'LUKE SAYS.

That's what they all say the very first time they use "GETS-IT." It's because "GETS-IT" is so simple and easy to use—put it on in a few seconds—because there is no work or corn-fooling to do, no pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, that little old corn peels right off, leaves the clean, corn-free skin underneath—and your corn is gone! No wonder millions prefer "GETS-IT." Try it tonight. IN MEMORY.

The death angel knocked at the door of Charley and Dora Ratcliff Sept. 3, and called little Walter, aged 3 years. The angel again knocked at their door on the 14th and took their darling baby Pearlstone, aged 9 months. The bodies were laid to rest in the Caney Fork graveyard, the funerals being held by Bro. M. V. Berry and Bro. S. J. Hicks. The graves were decorated with beautiful flowers by their relatives and friends. Weep not, mother and father after your little ones who have gone on before. They are wearing the golden crown with Jesus. Their suffering is done. Jesus said, "Suffer little children and forbid them not to come unto me."

Little Walter bore his suffering very patiently. He was a bright little boy and loved by all who knew him. He had been sick most of his life. Just think, father and mother, what a great change your little ones have made. You ought to rejoice over the great change. What a grand meeting it was for little Henry to welcome them in.

"The golden gates were opened wide,

A gentle voice said, "come." An angel from the other side, Welcomed your little ones home." A RELATIVE.

A SCHOOL ROY.

IN MEMORY.

In sad but loving remembrance of my little cousins, Otto G. and Mary A. Miller, little son and daughter of John and Suzie Miller. On Sept. 5, 1916, the angel of death paid a visit to their home and claimed as its own, Mary, their youngest child, and on the 12th their home was again saddened by the death of Otto, their youngest boy. It is hard for us to understand why those little ones were taken from the tender care of papa and mama when they had done all they could to keep them. But why can't we say "The Lord's will be done, not ours." The Lord giveth and the Lord taketh away, blessed be the name of the Lord. Their sickness was short, but their suffering great. While home is sad and lonely without Otto and Mary, heaven is much brighter with them. Today they are singing around the throne of God waiting for papa and mama to come.

In the death of Otto and Mary home has lost two precious jewels. You can hear their voices no more singing sweet songs of the blest, but thanks be to God if we live faithful to the end we can see their sweet faces again sooner or later.

Weep not, papa and mama, for your babes, we know they are at rest. They also left to mourn one little brother and sister, besides a host of friends.

Funeral services were conducted by their grandfather, Rev. A. H. Miller, and Rev. G. V. Pack, after which their little forms were laid to rest in the Judd burial ground, there to sleep the peaceful sleep till the dead in Christ shall rise.

B. H.

THEALKA.

At noon Saturday, Sept. 16, the death angel visited the home of Mr. and Mrs. Fred Whalen and claimed for its own their only child, Carroll Kathryn, a sweet little girl of 16 months. She was taken very seriously ill on Monday with brain fever and although everything was done that the best medical aid and kind and loving hands could do, God in His great wisdom saw fit to take her from those who loved her here, and place her among the angels, and those whose hearts are made saddest here can only say "Thy will of God be done."

Little Carroll Kathryn was a bright and lovable child and her smiling face will be sadly missed by many friends as well as in the home of which she was the idol.

Funeral Sunday afternoon at Thealka church by Bro. T. J. Collins. Interment in the Paintsville cemetery.

Mrs. Whalen was formerly Miss Mollie Burton, daughter of Mr. and Mrs. E. L. Burton, who have resided in this community for a number of years, coming here from Louisa where they are well known.

CASH IN ADVANCE PLAN TO BE ADOPTED

On October 15th, 1916, the Big Sandy News Subscription List Will be on a New Basis, and the Paper will be Sent Only until the Date Paid in Advance.

INCREASED COST OF PRODUCTION FORCES THIS CHANGE

As announced in the above headline the Big Sandy News will change its policy in handling the subscription list. We are compelled either to increase the subscription to \$1.50 per year or to take steps that will stop all leaks and waste. We hope by doing the latter to keep the subscription price at one dollar.

We are making announcement of our new policy several months in advance of its adoption so that all our friends and subscribers will have ample time to get on the new basis.

It has been customary from "time immemorial" almost, for country papers to extend credit to subscribers and to continue sending the paper until death, poverty, disease, hopelessness, delinquency, or an earthquake caused a break. This is bad business and oftentimes very unsatisfactory. Some people get the impression that the publisher is trying to force the paper on them. This is one thing the publisher of the Big Sandy News can truthfully say he has never intended nor had any desire to do. In soliciting we do not even insist strongly upon anyone subscribing for the paper, because we never want to push it upon any person. Our efforts are directed chiefly to making a paper worth the subscription price. Nevertheless, a few people seem

to think the paper is being forced upon them when it continues beyond the date paid for.

On the other hand, we have had a number of subscribers to resent our action in stopping the paper at the expiration of the period paid for, saying it was a reflection on their credit. This is the source from which we anticipate most of the trouble that is likely to come in changing to a strictly cash in advance system. But when the change is made it will be absolutely necessary to enforce it impartially. The mailing list will be in charge of an employee who doesn't know any better than to stop every subscription at its paid expiration.

Although as above stated, the proposition has two sides, we believe our friends and patrons will like the new system better. We ask their kind cooperation in establishing this more business-like plan.

Subscription Rates.

Sent One Year to any U. S. address, postage paid, \$1.00.

AVERTED CRISIS.

A joint debate took place in Cincinnati a few days ago between Congressman Fess and Bowdler.

Mr. Bowdler said the entire Republican delegation from Ohio, except Congressman Fess, had voted for the bill. Mr. Bowdler inquired: "What would Brother Fess have done in such a crisis? It is easy enough to be a chauffeur from the rear seat!"

"Republican crises are like eclipses, their coming duty can be prophesied and figured. Every year at the first frost, there will be a crisis, actual or prophesied," said the speaker.

Mr. Bowdler referred to the action of Roosevelt in the anthracite coal strike and the panic of 1907 as instances where there was no authority in law for meeting an emergency.

"It is a wise politician who lets the damage come and linger for a while, and then, when the nation clamors, relieves it. Suffering relieved is more appreciated than suffering prevented."

"If Woodrow Wilson had sat still and done nothing, and had the strike been allowed to run two weeks, what a howl would have gone up, coast to coast, from the hungry, the sick, the cold, the bankrupt, for some bold stroke to settle it! And then had Wilson settled it with such a bill as this bill he would have been a savior like unto Roosevelt. Why, Congressman Fess, with his colleagues, would have fallen over each other to get to the hall of the House to vote on such a bill."

"The statesman averts the trouble. The politician lets it come and then cures it."

"The President was looking out for the public. He saw neither the unions nor the railway magnates. He saw a suffering public and acted. He did not play the politician and see them suffer, and then act."

"Hughes and Fess stand pretty nearly alone in their condemnation of this law. Seventy Republicans, led by Mr. Cannon, stood by the President, and refused to join the group of critics."

Mr. Bowdler closed with a eulogy of President Wilson and Dr. Fess took the floor to answer him, reiterating that his Democratic opponent had not met the question. During the debate there were clever bits of repartee and it was conceded by the crowd that each man had handled his side of the case in a masterly manner.

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

WHITESBURG, KY., Sept. 26.—The Tenth District Educational Association will hold its annual meeting here Oct. 26, 27 and 28 when an interesting program will be carried out, a large number of leading mountain educators taking part. It is understood that Prof. V. O. Gilbert State Superintendent will be here and make an address, besides other educators from out of the State.

Last years meeting was held at Salyersville when Letcher's attendance was the largest of any other county in the Tenth District.

Judge John F. Butler of the Letcher-Pike district has set down a special term of the Letcher Circuit Court to begin here Dec. 4 when he will make an effort to rid the congested condition of the docket, especially the common law and equity cases. A number of important suits will be disposed of.

An unfortunate occurrence took place at Kona Station in the coal fields Saturday when Henry Miller, aged 72, was struck by an engine on the Louisville & Nashville railroad and knocked from a trestle into Boone's Fork a considerable distance. He was picked up and rushed to the hospital in Fleming where he died from his injuries in two or three hours. The old man was hard of hearing, it is said, and fail to note the approaching train. His home was in Walker-co., Ga., having come to this county some time ago on a visit with his two sons at Kona.

Dr. D. F. Smith leading physician of Whitesburg is excavating for a good business block on his property on Main street immediately above the David Hays property, the construction of which is to start at once. It is said that a hospital is likely to be maintained in a part of the building. This will be one of the best business buildings in town.

The negro Monroe White arrested at McRoberts in the coal fields several days ago on a charge of having killed another negro, having stabbed him with a dangerous dirk was tried before County Judge Henry T. Day and bound over to the next regular term of the circuit court. The grand jury will investigate.

John Henry Johnson charged with the murder of A. L. Blevins in Hemp-hill a week was also tried before Judge Day and bound over.

The Western Union Telegraph Co. is making considerable improvement upon their lines by building new wires, overhauling and improving old lines into Jenkins, this county, via the Big Sandy Valley, in order to meet with the increased demand for the service due to the rapid development of our coal and timber resources. Within recent years phenomenal development in wire service, both telegraph and telephone lines, local and long distance, has been made in Eastern Kentucky until at this time practically every community in the mountains can be reached by one or more lines.

News from Shelby Gap east of here is to the effect that Aunt Sarah J. Adams, aged over 80, wife of uncle Geo. Adams, venerable citizen, died a few days ago after a long illness. She leaves a large family to mourn her great loss.

Jailer William Hall announces himself a candidate for sheriff of Letcher county subject to next year's primary. Mr. Hall will begin an active canvass within the next few months.

Kendall, the 3 year old son of Attorney Felix G. Fields died here last week after a brief illness of laryngitis. Eld. A. S. Petrey was called from Hazard to officiate in the funeral obsequies, after which the interment was in Sandlick cemetery.

It is understood that the Letcher Fiscal Court will hold an interesting meeting here early in October when plans will be perfected to begin another good roads campaign surrounding the city this fall. The most important road toward the coal fields will be further extended, while arrangements will be made for the building of a bridge across the Northfork at Mouth of Colly. The model roadway, one of the best in the mountains, has been completed that far. Letcher is still determined to lead all the other mountain counties in the point of good roads.

Interest which is increasing in the protection of the native forests of the county will be at its zenith this year, when every effort is to be made to prevent the wanton waste of hardwood timber, the dangerous season for forest fires now being on. State Forester J. E. Barton will appoint a County Warden who will guard closely interests of timber owners.

The Consolidation Coal Co., it is understood will still maintain two look-out stations in the mountains near Jenkins. These are connected by telephone direct from the central office at Jenkins and instant communication can be given in the event of an outbreak of a forest fire.

Mrs. Ritter Webb, wife of the late A. F. Webb of Sergeant was stricken with paralysis at the home of her sister, Mrs. John P. Back at Sandlick near here several days ago and at this writing is in a serious condition. It is said that she cannot recover.

Evangelist J. B. DeGiorno is billed to assist the Rev. A. C. Hutson in a series of meetings in Whitesburg, beginning October 2. The meetings will continue

for about two weeks. It is expected that much good will result.

The many friends of Thomas B. Talbott of Winchester are pleased to learn that he has again been appointed to the West Lexington Presbytery for another year. The Rev. Talbott has many loyal friends in Whitesburg and Letcher county who are pleased to know of his retention. Rev. Talbott is doing a great work in the mountain section.

SILK DRESS PATTERN RETURNS AFTER 35 YEARS ABSENCE.

The following interesting article is from the Fairfax, Va., Herald, of Sept. 15, which was kindly furnished by Mr. George Gunnell of Catlettsburg:

Mrs. Martha Bolt, widow of Judge Monteville Bolt, of Boyd-co., Ky., who lives with her daughter, Mrs. May, in Fairfax, recently received a parcel post package which, on opening, she found to contain a silk dress pattern of such peculiar color and design that she at once declared that it looked just like one which was stolen from her some 35 years ago; yet she did not believe it could be possible since that one had disappeared in such a manner as to lead her to believe that some one had stolen it.

Mrs. Bolt had occasion to leave her home with an occupant one day. A few days later, on going to her bureau drawer to get the dress pattern that she had so carefully laid away, she was surprised and disappointed to find that it was not there, and, though she suspected a former servant of having stolen it, she could obtain no evidence of what had become of the dress pattern she had hoped to have made into a gown.

Years passed, and all recollection of the missing dress pattern had apparently been forgotten until the receipt of the above-mentioned parcel post package when its contents brought vividly to her mind the recollection of the stolen goods. The next mail brought a letter stating that the pattern she received was the very one that had so mysteriously disappeared many years ago. It had been found neatly packed in a box, placed high in the attic of a house that had not been occupied in the last sixteen years. Evidently the party who took it was, from sting of conscience or otherwise, prevented from appropriating it, and had finally eased her conscience by placing it where she had reason to believe that it would be found and returned to the owner. Circumstances indicate that they must have kept it some nineteen years, since it must have been placed in the vacant house where it was found subsequent to the removal of the last occupant of the house, which was 16 years ago, and the theft occurred in 1851, 35 years ago. Notwithstanding the long period that the cloth had been waiting to be manufactured into a garment, it was in a perfect state of preservation, and now, after many years of interrupted ownership, Mrs. Bolt again has the pleasure of possession although he is still far from a solution of the identity of the theft.

ADAMS AND IRAD.

Hilda McCown has broke up house keeping and gone to live with her daughter, Sue Thompson.

Mrs. Richard Webb, who has been ill for some time is no better.

Mrs. Emma Hays and Mrs. Violet Fugit were calling on Miss Nerva Walden last Saturday.

The people of this place were very sorry to hear of the ice cream supper at Dry Ridge being called off.

Carl Burchett was calling on friends here last Sunday as usual.

WHY HE BOUGHT FROM MAIL ORDER HOUSE.

(From the Natchez News-Democrat.) Recently a merchant of Natchez happened to see a farmer receive a box at the depot and noticed that it was from a mail order house. He also noticed that the goods were right in his line and the same as he carried for years. He immediately approached the farmer and said:

"I could have sold you goods you have here for less money than the Chicago house and saved you the freight."

"Then why don't you do so," said the farmer. "I have taken the local paper or years and have not seen a line about you selling these or any other goods. This mail order house sends advertising matter to me asking for my trade, and they get it. If you have any bargains, why don't you put them in the paper so we can see what they are."

MORAL—If you have anything to sell that you are not advertising, START NOW, in the Big Sandy News.

PIKE COUNTY NEWS

ACQUITTED.

Alvin Estep, charged with the killing of Harrison McCoy, Sr., and Harrison McCoy, Jr., and seriously wounding the latter's brother in Pike-co. one year ago, was acquitted at his trial which was concluded Friday. Estes pleaded not guilty and claimed justification for the double killing which he never denied. The defense showed that old man Harrison McCoy and his two sons went to Estep's house one night and not only abused and threatened, but committed violence on members of his family. He shot one of the alleged intruders to death in the house and compelled the other two to run for their lives, shooting young Harrison McCoy as he fled, the wound later causing his death.

TAKEN TO HOSPITAL.

Dr. P. C. Sanders, K. B. and Scott Raikes, prominent people of Elkhorn City, were here Sunday, enroute to Louisville, with Mrs. Elsworth and a brother of Mr. Raikes will enter the Jewish hospital for treatment.

B. H. Rutledge of Grayson reached Hindman last week and found the clinic was to move the last week in this month to Pikeville, so he made arrangements to meet them at Pikeville. They said his eyes were going to be a very stubborn case. He left Hindman Monday to work his way through.

FLANNERY ACQUITTED.

After deliberating for several hours the special jury returned a verdict on Saturday, acquitting former County Superintendent William E. Flannery of the murder of Dr. L. Q. Thornbury, with which he had been charged.

The shooting, which afterward resulted in the physicians' death, followed an extended quarrel and took place near the Card creek postoffice in July, 1915. Wide family relation on both sides made the case one of prominence, and large crowds gathered to hear both trials that followed.

SENT TO PRISON.

PIKEVILLE, KY., Sept. 26.—Norman Roberts was convicted today of shooting, with intent to kill, Deputy Sheriff J. M. Billter and was sentenced to from one to five years in the penitentiary.

Mrs. Vergil Justice, a witness for the defense, was bound to the next grand jury under a perjury charge.

RETURNED TO SCHOOL.

Edward Elliott left Monday for Omaha, Nebraska, where he will enter Omaha University. He had been visiting here for some time.

MINE IMPROVEMENTS.

Manager J. B. Rogers is having a new commissary built and making other improvements at the Kewanee coal mines.

REIVAL AT CHURCH.

Last Sunday at the Baptist church a series of meetings began. Rev. C. C. Daves, the pastor, is doing the preaching. He will be assisted by Rev. G. E. Kennedy, a well known Kentucky evangelist who has been in Missouri for some time. The meeting will probably continue several weeks. Much interest is being manifested.

TRACHOMA HOSPITAL.

The hospital, which is being moved from Hindman to Pikeville will be opened to the public on next Tuesday, October 3, with a reception. Dr. John McMullen has arrived and will remain for some time. He is a surgeon in the

public health service. While this hospital is for the treatment of trachoma Dr. McMullen and his staff, consisting of Dr. R. W. Raynor and nurses, Misses Guttman, Espey and Hicks, will be glad to assist in public health work which is in charge of Miss Emma Hunt. Eye sufferers will be given free treatment in the Pikeville hospital.

RETURNED HOME.

Little James Martin Thornbury, son of the late Dr. L. Q. Thornbury, after having visited his grandfather in the country in Pike-co., for the past three months, has returned home with his aunt, Mrs. Robert Faulkner in Catlettsburg.

Suit Filed.

Suit was instituted in Circuit Court by Zobrist & Jones, railroad contractors of Baltimore, against Geo. Strouse to recover \$740, alleged to be due them. It is alleged in the petition that this amount of property was stolen from the plant of the plaintiffs in Pike-co., by one Tom Clark and others, and shipped by them to defendant, in Ashland. It is alleged that Strouse received the property and converted the same to his own use and benefit against the consent of plaintiffs, and that defendant, Strouse is liable for the amount. Tom Clark and others are now indicted in the Pike Circuit Court for grand larceny and for receiving stolen property, knowing it to have been stolen, which was the property shipped by them to Strouse and stolen from the plant of Zobrist and Jones.

Chronic Catarrh is Curable

Nothing is more distressing to the sufferer and his friends, Chronic catarrh is systemic—that is, it is present throughout the body, though it may manifest itself in a local situation. Only a constitutional treatment will overcome systemic catarrh. Local treatments sometimes help the acute manifestations, but they cannot overcome the systemic disorder.

PERUNA Has Helped Thousands

It is a foe to catarrh. The voluntary testimony of thousands establishes that. Peruna benefits in a number of ways. It builds up the digestion, restores the strength, and helps put the system in condition.

Peruna has special value in catarrh. It gives vitality to the system, restores tone to the membranes and enables these to perform their functions. In many cases its benefits begin at once, and it rarely fails when treatment is continued properly. The Peruna Medical Department will be glad to assist you to overcome this disease. The doctor's advice is free. Don't delay treatment.

ELECTION FRAUDS IN MINGO COUNTY

INTERESTING TRIALS NOW ON IN UNITED STATES COURT AT HUNTINGTON.

The following account of the fraud cases in Mingo-co., is interesting because it shows accurately what has given Mingo and McDowell counties the reputation of having the most corrupt elections in the State of West Virginia. The methods exposed here, or practically the same, have been in use there for several years. One of the schemes is to prepare bogus ballots during the night previous to the election, and instead of counting the real ballots cast by the voters the bogus ballots are substituted and counted.

This is certainly a rotten condition and it is hoped the guilty ones will be brought to justice and fair elections be established.

Huntington, W. Va., September 25.—Details of the alleged seizure of War Eagle election precinct, in Stafford District, Mingo-co., at the general election in 1914, including the organization of the polls two hours before sunup, the substitution of men who were parties to the plan for the duly constituted Democratic election officers, who thus were prevented from serving, the burning of all but 11 ballots cast against the Republican nominees and the substitution of fraudulent ballots for those destroyed, and the casting of fraudulent ballots to the extent of the difference between the votes actually cast and those registered for the precinct, were recounted by three witnesses for the Government in the case of R. L. Simpkins and others, on trial in Federal Court here to-day.

These witnesses were Noah Lester and Linko Blankenship, who acted instead of the Democratic election officers, and Mrs. Noah Lester. Both Lester and Blankenship are under indictment in the case and both have entered pleas of guilty.

The testimony of the three witnesses consumed the entire time of the

court to-day. At this time it scarcely can be expected that the trial can be brought to a close this week.

The presiding judge is C. A. Wood, of the United States Circuit Court of Appeals, sitting in the place of Judge B. F. Keller, of the District Court.

The defendants are R. L. Simpkins, H. D. Copley, G. W. Kelley, W. S. Hatfield, Tom Maynard, Grant Gibson, Ben Copley, Noah Lester, Linko Blankenship, Anthony Gaujot, Berman Hatfield, Greenway Hatfield, brother of the Governor; Jack Brewster; Noah White, George R. Maynard and Valentine Hatfield.

Noah Lester, the first witness introduced, testified that he and his half-brother, Linko Blankenship, had been in trouble which threatened to lead to an indictment, and that he was urged by Tom Maynard and Mrs. R. L. Simpkins to serve as an
